Food Pairings: Pair with pasta with vegetables, fresh cheeses, and seafood dishes.

Winemaking: Fermentation in steel at cold controlled temperature.

James Suckling: *“Densely packed with citrus, mineral and the typical (and coincidental) cheese-rind character that good pecorino can offer. Medium-bodied with a good balance between fruity and savory flavors and a focused finish. Pulls you back for more. Drink now.”*

Decanter: *“Crammed with vibrant yellow apple and fresh quince with a zip of citrus peel. Displaying great typicity with a superb herbal acidity and lush fleshy texture.”*
